*Introducing
Radiance Skin & Hair Services*

Medically supervised & FDA approved technology utilizing the dual source of Light & Heat Energy (LHE) technology for skin care treatment and hair removal, surpassing the results of traditional methods.

Administered by Cynthia Moran, RN,
Radiance Skin & Hair treatments include hair removal, skin rejuvenation and acne treatments.

6301 Executive Boulevard, Rockville, Maryland 20852

It's a pleasure to introduce you to Radiance Skin & Hair Services. We invite you to meet with our licensed aesthetician who will perform a skin analysis on your first visit to determine which treatments and home care products best meet your skin's needs.

Radiance Skin & Hair Services

Hair removal, skin rejuvenation, acne treatment. All medically supervised, administered by a registered nurse, and FDA approved LHE (Light & Heat Energy) technology.

Custom Designed Facials

Relax Rejuvenate – Replenish

We now offer customized facials, eyebrow waxing and tinting. Each facial is designed just for you by our licensed aesthetician concentrating on specific skin types, environmentally damaged or aging skin.

Deep cleansing, exfoliation and extractions, along with therapeutic masks, rejuvenating treatments, pressure point massages and other treatments may be incorporated into your own signature facial. You'll look and feel the difference with a WHS custom designed facial.

Make your first appointment today!
